

## **303 Squadron Camden**

Australian Air Force Cadets

### January Report

During January a number of cadets were to take part in either Promotion courses in Wagga or General Service Training (GST) at RAAF Bases Richmond and Williamtown. These activities did not go ahead due the emergency situations occurring in those areas and the unavailability of accommodation.

As a consequence cadets did not complete their promotion training. OC 3 Wing and 23 Wing SLT decided to give temporary promotion to those cadets that were unable to attend the January promotion courses.

The Squadron held its recruit night last Friday night with some 45 possible recruits plus their parent attending. One thing to note, as from this year, the AAFC will be only carrying out One recruit intake a year.

Frank A. Galea OAM  
Wing Commander  
Commanding Officer  
303SQN ( City of Camden)
